

Join the Minnesota NOW Legislative Information Yahoo Group!
It's quick, easy, and online - you can have access to valuable information 24/7

Question: How do conservative groups influence the state legislature?

Answer: One of their tools is a highly effective phone tree system, which is used to alert their members to important legislation. Their members then respond by flooding the phone banks at the state capitol.

Wouldn't you like a way to counter their efforts?

This is an online forum for those who want to explore legislative issues in more depth.
